

# Easy LIVING

This caravan ticks all the boxes to make life on the road simple and easy

If you plan on seeing the country without any troubles you should try to find a caravan that is compact, easy to tow, chock-full of useful features and is enjoyable to live in.

Cell Caravans' new 2013 River model features a large slide-out room, giving you lots of living space wherever you decide to spend the night. Features include the large bathroom and ducted

air-conditioning, while the 12V jack, 12V stabiliser legs and 12V awning ensure that setting up camp is as simple as pushing a button. The welded aluminium framework and gel coat fibreglass exterior will ensure it lasts the distance.

Ultimately the River is a lifestyle choice that cuts down on the complexities of caravanning. Ultimately the River is a lifestyle choice that cuts down on the complexities of caravanning.

A 12V Fantastic Vent will keep you cool on your travels. These hatches truly are a fantastic inclusion in the River, as they blow in cool air and can be set with a thermostat to turn off once they reach the correct temperature. They also extract the air, and are great for removing condensation in the bathroom after showering. The roof hatch means you will constantly have the fresh country air to breathe.

The slide-out room in the River transforms the van into an open and spacious apartment-style living area. The huge storage drawers and table drop-down to form a king single bed, meaning more members of the family can join in on the holiday fun. The slideout is easily controlled at the push of a button and runs on 12V.

If you like finding the best free-camping locations, you need quality tyres and suspension to help your caravan survive getting there and you get that with the River. The dual-axle Trailair leaf-spring suspension system gives semi off-road capabilities and will cope amazingly on dirt roads and light corrugations.

The 12V electric front jack and 12V electric stabilising legs make life easier by reducing set-up time to nothing. By using the 105Ah maintenance-free battery and charger pack included in this caravan everything can be done with the push of a button.

If you plan on doing lots of exploring you will appreciate the inclusion of a hot and cold outdoor shower. After a swim you can wash the sand off under the hot water, clean the fishing gear, the beach toys and even the dog and ensure the kids are clean before entering the caravan.
