

Distinctive TWIST

The van with a unique twist on caravan design to help maximise travelling fun

When selecting a caravan, it's important to find that balance between lifestyle comforts and on-road practicality. Sometimes in order to find this, you need a caravan that thinks a little outside of the box. One caravan that doesn't quite conform is Cell Caravans' Viewfinder.

Complete with a slide-out, the Viewfinder maximises interior space, ensuring you enjoy your time on the road. Another aspect that'll leave you slack-jawed is the V-nose front over the A-frame. Instead of merely packing a toolbox onto the A-frame, Cell Caravans has expanded upon the interior space. The main beneficiary of this is the kitchen. The large kitchen includes expansive benchtops

and cupboards to make preparing meals easier.

The expanded kitchen area has had a positive snowball effect on the rest of the van. Privacy screens between the bathroom, bedroom and main living area will make bringing friends on your travels less challenging. A double sofa lounge and single-bed dinette will come in handy when the grandkids want to join in the travelling fun.

EXTERNAL FEATURES

FRAME CONSTRUCTION: Alumi-X Welded aluminium frame
OUTER SKIN: Lamilux 4000 laminated gel-coat fibreglass walls in modern silver design
INSULATION: Fully insulated sandwich-panel walls, roof and floor with 90mm-thick insulation in thickest part of crowned roof
WATER TANKS: 136L fresh water, 2 x 144L grey water, 144L black water
WHEELS: 14in dual-axle wheels
SUSPENSION: Trailair leaf spring suspension system with Equa-flex rubberised suspension enhancement
AWNING: 12V power awning
BOOT: Rear dual-access rectangular space
GAS CYLINDERS: 2 x 4.5kg gas bottles
HOT WATER: Suburban hot water service, gas and electric
ELECTRICAL SYSTEM: 12V system, 30Ah electro smart-charger with 240V converter

A 12V Dometic powered awning allows you to extend or retract the awning from inside the cabin. Extending the awning isn't a one- or two-person job, it is a one-finger job, as it's done with the press of a button. This luxury will mean no more fighting the wind or rain when setting up camp. Usefully, full annexes can be easily attached to the Viewfinder to extend your living space.

A Cell Caravan wouldn't be the same without the signature slide-out feature. These slide-outs are one of the reasons Cell Caravans is one of the most well-known caravan suppliers around. Using the 12V power slide-out in the Viewfinder is as simple as pressing a button. The slide-out is as quick as a metre in depth in just 30 seconds. It is also easy to use and doesn't need constant maintenance. Best of all, the slide-out allows for spacious living and an even roomier interior.

Power stabiliser 12V legs are a rare find but offer much practicality and a lot less manual labour. Operated by the push of a button, the Viewfinder legs are sturdy and retract entirely into the chassis when travelling.

Every Cell Caravan features a Corian benchtop. These benchtops are so flexible, they are used in a variety of industries including healthcare, bars, restaurants and the everyday household. They look great, but most importantly are durable, practical and versatile.

A ducted Dometic air-conditioning unit is controlled from the main living area, but vents in the bedroom, bathroom and living area will help every area stay cool. Solid privacy doors between the bedroom, living and bathroom will help you bring friends away with you – while not letting your travels get too awkward! Roof hatches and 12V fans provide extra airflow on the hotter days when you are unable to turn the air conditioning on.

INTERNAL FEATURES

FRIDGE: 185L two-door auto select three-way Dometic fridge and freezer

SINK: Double stainless steel sink with two flush sink covers, filtered water and extender mixer tap

COOKING EQUIPMENT: Thetford Spinflo Topline Hob, 30L convection oven/grill/microwave. Gas bayonet outside for easy BBQ connection

ENTERTAINMENT SYSTEM: Jensen Premier entertainment system, CD/DVD player, radio, MP3 iPod connectivity, internal and outdoor speakers, two 22in LED televisions with DVD players

LIGHTING: 12V LED lighting. Interior kitchen cabinet downlights, bedroom directional reading lights and exterior light including amber guidance light

SMOKE ALARMS: Smoke alarm and carbon monoxide gas detector

CABINETRY: Toasted pecan cabinetry, overhead cabinets in dinette, bedroom and kitchen areas. Side cabinets in slide-out lounge

LOUNGE: Lounge and dinette, comfortable, luxurious couch and café-style dinette. Optional leather interior

SLEEPING CONFIGURATION: Queen-size walk around bed. Fold-out couch creates a double bed and dinette folds down into a single bed

MAIN BED: Inner-spring, pillow top luxury mattress

PRIVACY SCREENS: Solid door divides lounge and centre bathroom, concertina door to separate the bedroom from bathroom

BATHROOM: Ensuite bathroom with shower and chrome shower head with on/off switch, flush porcelain toilet, sink and vanity. Linen cupboards and under sink storage included

WASHING MACHINE: Optional

PRIVACY DOOR: Solid door on lounge side and concertina door on bedroom side

The Viewfinder comes with a Jensen Premier entertainment system that includes a CD player, iPod connectivity, a USB connection, ceiling and external speakers and a radio. Also included is one 22in HD LED TV with a DVD player in the bedroom, and another is situated above the dinette. A digital jack antenna provides a quality signal. A dinette makes enjoying a meal on the road easy and at night, the dinette can fold away to reveal a single bed.

Included in the kitchen is a 185L two-door Dometic fridge and freezer to help you store plenty of food before embarking on your travels. A double stainless steel sink with covers will allow you to clean dishes and rinse them straight away. A Thetford Spinflo Topline Hob oven, grill and stove is perfect for preparing a range of tasty meals. It doesn't end there as a convection oven has also been included. With all this, you're sure to have all your cooking needs sorted.

A comfortable interior includes an innerspring, pillowtop queen-size bed. This type of mattress is becoming increasingly popular on caravans, as it makes sleeping extremely comfortable. Cupboards and hanging spaces either side of the bed are perfect for keeping clothes and coats in.

RV PROFILE

CELL - VIEWFINDER

OWNERS' INTERVIEW

NAME: Lynne and Bernie Johnson
HOME TOWN: Newcastle, NSW
DATE OF PURCHASE: March 2013
TOW VEHICLE: 2012 200 Series LandCruiser auto diesel

Why did you decide to purchase this particular caravan?

When we first looked at the Viewfinder, we were very surprised at how spacious it is. This is due to the innovative idea of placing the kitchen up front over the drawbar. Along with the huge slide-out, this makes for a very comfortable living space. We liked that a caravan manufacturer had come up with something different and created a modern, stylish van.

What are some of the features that you particularly like about it?

We liked the privacy of a separate bedroom and having the extra beds for the grandkids. It includes comfortable seating, ample storage, great looking cabinetry and an automatic awning. There are too many more 'likes' to list!

What's the best holiday that you've had using it?

We've returned from a trip to Mallacoota in south-east Victoria, a beautiful little seaside town with amazing views and great fishing.

On average, how often would you use it for free camping?

We travel about five months of the year and probably free-camp 60-70% of that time.

What do you regard as its best free camping feature?

The rooftop solar panel and the extra battery.

How did you find buying the caravan from Cell Caravans?

It was a pleasure to deal with the staff at Cell Caravans. From our very first contact, through the ordering stage, delivery and after-sales service, we have been treated in a professional and friendly manner.

UNIQUE SELLING POINTS

- SLIDE-OUT FEATURE IS STANDARD TO RANGE AND HELPS CREATE SPACIOUS APARTMENT-STYLE LIVING AREAS
- CORIAN BENCHTOPS ON ALL CARAVANS. THESE BENCHTOPS ARE DURABLE, PRACTICAL AND VERSATILE
